Our Invitation to The 1966 Iowa Royal

We most cordially invite everyone interested in good livestock to attend the IOWA ROYAL of 1966.

THE IOWA ROYAL SALE, recognized as the very top State Shorthorn sale in the Nation, is sponsored by the IOWA SHORTHORN BREEDERS' ASSOCIATION which also has always been recognized as one of the most progressive state associations in the NATION.

THE IOWA ROYAL HAS ALWAYS BEEN GREAT BUT THIS COULD WELL BE THE "IOWA ROYAL OF ALL IOWA ROYALS".

The 59 herd bull prospects and the 17 outstanding females in the Iowa Royal Sale are up to and better than the usual high standard of Iowa Royal Sales.

There are many top show winners included and the bloodlines and ancestry are of the very best.

Confirm this by studying the catalog, note the consignors, the pedigrees, the footnotes and the outstanding records.

Breeders, ranchers and farmers from coast to coast and from the Canadian border to the Gulf of Mexico in great numbers have come to the IOWA ROYAL for seed stock in the past. THEREFORE, this year, make it a point to join them and see one of the truly top STATE SHORTHORN sales in the NATION. Definitely, the IOWA ROYAL offers as much or more in the way of real quality and honest-to-goodness real producing Shorthorns than any other very top Shorthorn sale in the NATION.

PLAN TO ATTEND. We would like to show you our hospitality and give you every possible service we can.

P F NUGGET—On a last minute decision we decided to sell this outstanding 1965 IOWA STATE FAIR GRAND CHAMPION BULL as a sale attraction since this is the first time such a champion has been offered in an Iowa Royal Sale. He was the 1964 State Fair Reserve Champion and the 1965 All-Iowa Fair Grand Champion, also. He is good headed, deep, thick, heavy boned, smooth, with a great quarter. His Imported in dam sire is a half brother to Bilmar's great Calrossie Diadem, and Leveldale's and Melbourne's great Calrossie Diamond, and has made a great record in our herd. His dam is really an outstanding cow by the twice International second prize winner, Priam's Choice, and out of a top Goldie cow by the good breeding bull, Imp. Iceni Commodore. We have used P F Nugget and have his first calves. They look every bit as good as their sire did as a calf. We will use him until sale time. If our herd was larger he would not be for sale.

He is absolutely sound and sure. Notice his great head, heavy bone, big, sound, flat feet, and over all ruggedness. This bull has been used and is owned jointly by the Lundby and E. W. Maurer & Sons herds. His daughters are being retained as is one of his sons for herd service, which is probably one of the best white bulls in the country today. Not many direct sons of Constructor can be bought today so here is a real opportunity.

K A IMITATOR—One that has looked right from the day he was born! We feel he has many of the indications of a meaty bull. We have used this bull and gave considerable thought to retaining him but wanted to have a knockout consignment this year. Check the footnote on K A Inferno on how the get of Cagarac are producing. Imitator's dam had our highest grading IBIA calf to date this year.

BARBARIAN'S COMMODORE—Another top bull that is good headed, level lined and well balanced and has the qualifications to head a good herd. By the good sire, Louada Barbarian and out of a dam that is a granddaughter of imp. Orchard Leader. This is a great producing family. Production tested at 12 months and no nurse cow he weighed 870 lbs. At 600 days he weighed 1230 lbs. We have fed and tested steers by Louada Barbarian and they have made a good slaughter record. Therefore, we feel that we are producing the right kind of cattle. In addition, they have done very well in the show ring.

BARBARIAN'S COMMANDER—Many visitors to the farm have made the comment that this is one of the best bulls that Louada Barbarian ever sired. This bull has plenty of size, an outstanding head, and great rear quarters. A bull we would very much have liked to have shown in 1965 if our labor situation would have permitted. We would not be selling this bull but we have his full brother who looks real well and may be retained for herd use. This bull also made a good production record. At 12 months he weighed 925 pounds, and at 20 months he weighed 1325 pounds. Has never been on a nurse cow. Don't miss this bull.

MERDALE FORWARD MERCURY—A very good headed, deep bodied, heavy boned, rich roan, strong, yearling bull that is bred to sire good cattle. Sired by Merdale Twofold Mercury, who sired many champions, including the 1965 Interstate champion female and reserve champion bull. His dam has been an outstanding producer. She is the dam of the 1963 Interstate sale champion and top selling female, and a junior heifer that sells in this sale. She is a half sister to a Denver champion Shorthorn steer. The third generation of this bull's pedigree traces six times to the famous Calrossie Mercury and once to Calrossie Armada. It is nearly impossible today to buy more concentrated Mercury and the best of Calrossie breeding. Here is a top bull to go with this kind of breeding.

BRENTWOOD VILLAGE MAID 10TH—This heifer was the outstanding junior heifer calf in our 1965 show herd. Stood second in strong classes at the 1965 Iowa, Kansas and Nebraska State fairs. Our last three herd bulls, all of which sired many winners for us in strong shows, appear in her pedigree. This heifer should please the most critical buyers and make a great brood cow.

Her dam was the grand champion female of the Iowa State Fair and the All-Iowa Fair, and reserve junior champion at the International in 1963. This calf selling is her first calf by Allwood Renown. We are proud to offer this kind of a female. Calfhood vaccinated for Bangs.

MERDALE AUGUSTA 5TH—Only because we wanted to consign a top female is this heifer selling. Sweet headed, deep and thick, she will make a great cow. She is a full sister to the yearling bull we are selling in this sale. Her dam is a half sister to an Iowa Royal reserve champion female. Here is breeding, quality and individuality.

FLORELLA LADY VIOLET

MEMO

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such cash is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
